Invitation to Participate in Health Inequality Monitoring 101 course, 21 May to 9 July 2026

Dear Dr Biglari,

I am writing to kindly share with you herewith attached a copy of the memo from ADG/HSD regarding the upcoming Health Inequality Monitoring 101 course, which will take place from 21 May to 9 July 2026.

This free-of-charge, seven-week instructor-led course provides a foundational introduction to health inequality through a combination of recorded video lectures and live sessions. Participants will gain practical knowledge of WHO tools and resources for measuring and reporting health inequalities, applicable to any health or health-related topic. More information about the course is available on: <https://thegraphcourses.org/health-inequality-monitoring-101/>

The primary target audience includes Health Information Systems (HIS) and Monitoring and Evaluation (M&E) officers working within Ministries of Health, including staff from disease surveillance and control units, health information units, health programmes, as well as staff from National Statistics Offices, WHO Country Offices and researchers and students.

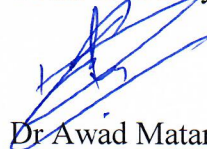

Participants are expected to commit to completing the full duration of the course, dedicating approximately 75 minutes per week; working knowledge of English, including the ability to interact in live sessions and discussion forums; and basic data literacy skills.

Registration will be on a first-come, first-served basis, using the below link, and will close on 7 May 2026. Additional applicants may be considered for a future cohort.
